

Latino Community Association

Empowering Families Luncheon

December 3, 2020

This year, the Latino Community Association celebrated its 20th year of providing assistance to Central Oregon Latino families. Continued support and sponsorship of our annual Empowering Families Luncheon ensures our ability to continue providing the vital services needed for our community to thrive, including workforce assistance, education, health, legal, citizenship, and youth literacy, as well as cultural enrichment activities.

For the past 20 years, the Latino Community Association (LCA) has empowered Latino families and built bridges across cultures to create a more resilient Central Oregon. Annually, our services impact nearly 7,000 adults and children. As a sponsor, your contribution will help address the unmet needs of low-income Latino families in the areas of workforce, citizenship, health, education, legal, and basic needs assistance. Your sponsorship, in partnership with our network of AMIGOS, volunteers, businesses, community organizations, and public agencies will ensure the continued availability of vital, culturally-specific services that empower underserved families to thrive in Central Oregon.
